

The RHY-HMIS Data Dashboard:

Accessing & Using Your RHY Data

RHY Grantee Recording
April 2019

Presenters

- **Resa Matthew**, Family & Youth Services Bureau (FYSB)
- **John McGah**, American Institutes for Research (AIR)

Agenda

- About the RHY-HMIS Data Dashboard
 - What Data are Represented?
 - Who Can Access My Grantee Data?
 - Privacy Protection for RHY Data and Clients
- The Importance of Data Quality
- How to Use the RHY-HMIS Data Dashboard—A Live Demo
- Getting Support

What Data Are Presented in the Dashboard

- Persons
 - Enrollments and Number of Youth
 - Demographics
 - Special Needs
- Outcomes
 - Performance Standards

Search by Your Specific Needs

- Date: Fiscal Year, Quarter, or Month
- RHY Program Type(s)
- Geography: Nation, Region or State
- Grant/Organization: Specific program or all programs

Who Can Access Your Data?

- Only the authorized user at your organization may access your grantee data
- FYSB Leadership
- Your Federal Project Officer (FPO)
- The TA Provider (AIR) key staff that Administer the Dashboard

Other grantees may not access your data.

The Importance of Data Quality

What you enter into your local RHY-HMIS and update by your final submission to RhyPoint (in the Spring and Fall of each year) is what FYSB reports on and what appears in the RHY-HMIS Data Dashboard.

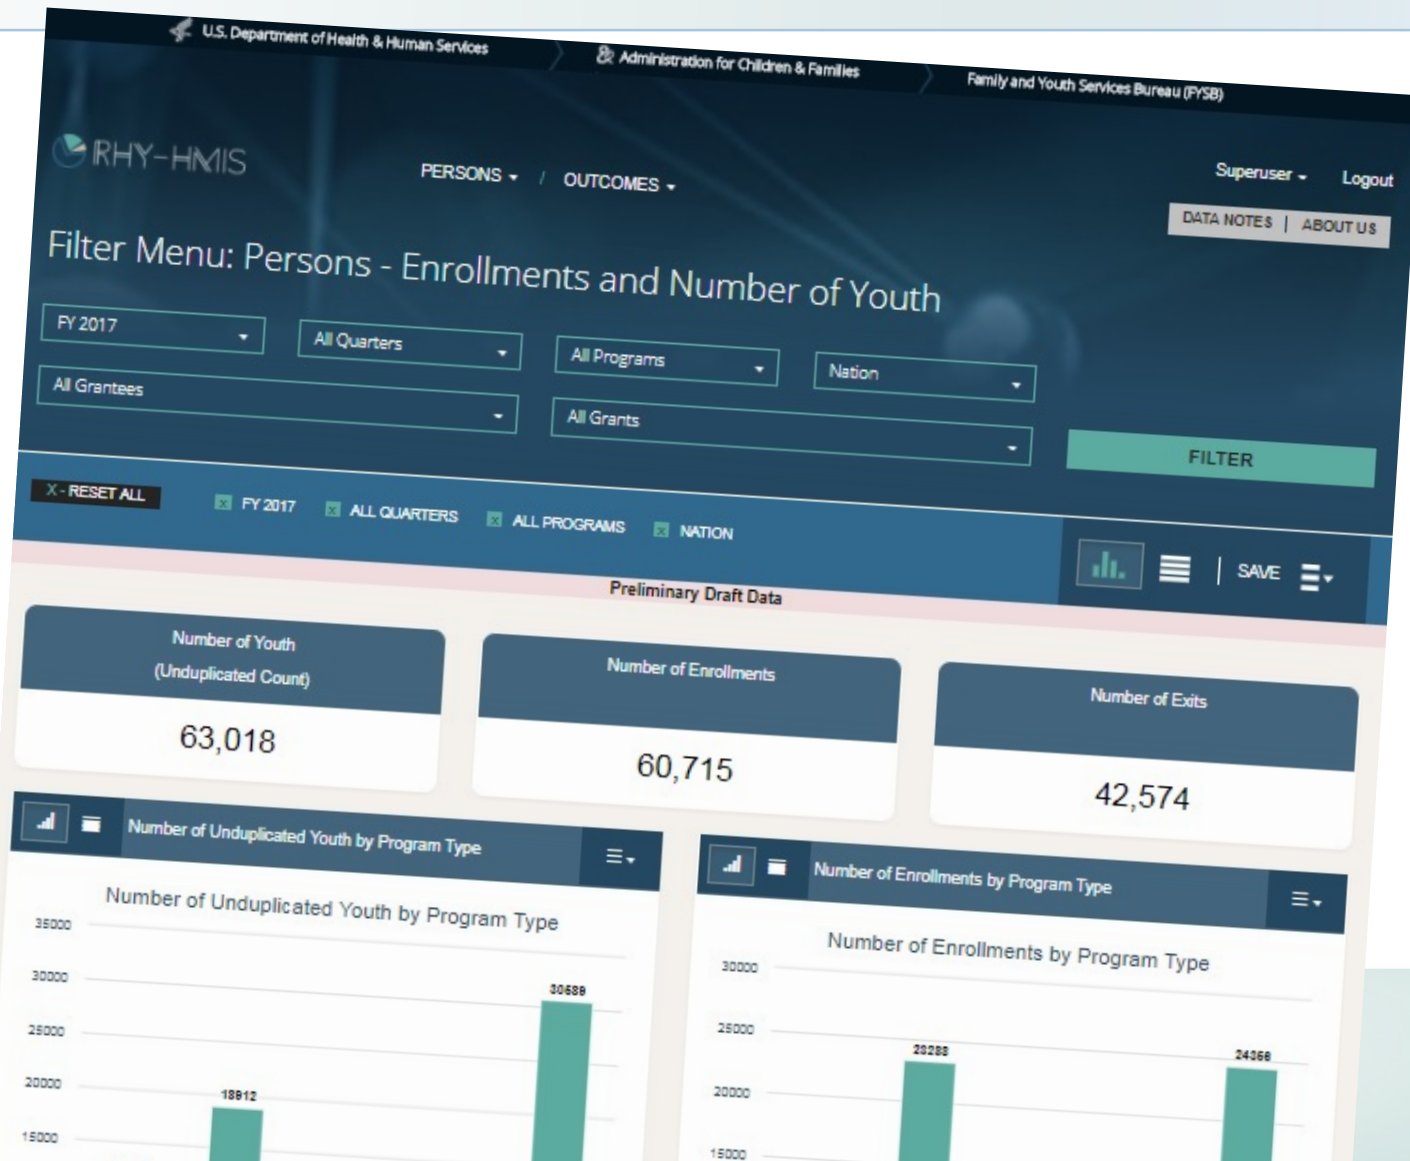

The Importance of Data Quality

Data That Sing!

Dashboard Demonstration

RHYTTAC RHY-HMIS Webpage

RHY-HMIS Dashboard User Manual, Recorded Trainings, Tip Sheets, PPTs, FAQ document

The screenshot shows a web browser window with the URL www.rhyttac.net/rhy-hmis. The page header includes the logo for the Family & Youth Services Bureau (FYSB) and the Runaway and Homeless Youth Training & Technical Assistance Center (RHYTTAC). A navigation menu is located below the header, with items: Home, About, Training, Technical Assistance, Support Center, Event Calendar, Research, Resources, and Connect. A 'Member Login' button is visible on the right side of the header, along with a search bar labeled 'Search our site...'. The main content area features a section titled 'RHY-HMIS' with the following text: 'As of April 15, 2015, RHY grantees are required to collect data on all youth served in their Continuum of Care (CoC)-designated Homeless Management Information System (HMIS) application. The use of a local HMIS helps RHY grantees and communities understand the prevalence, characteristics, service utilization, and outcomes of youth served by RHY programs, and has the potential to identify and plan policies and practices to accelerate efforts to prevent and end youth homelessness by 2020.' Below this, it states: 'All RHY grantees, including Street Outreach, Basic Center, Transitional Living, and Maternity Group Home Programs must collect their data in HMIS. Basic Center Programs need to record data for youth served in emergency shelter (in an emergency shelter project) as well as youth who are provided services outside of the shelter system (in a homelessness prevention project).' On the right side of the page, there is a 'Social' section with two Facebook links: 'Runaway ...' and 'Runaway and Homeless Youth Training and Technical Assistance Center'. The page number '11' is visible in the bottom right corner.

RHY-HMIS Online Service Desk

Help Center / RHY-HMIS Service Desk

RHY-HMIS Service Desk

Welcome! You can raise a RHY-HMIS Service Desk request from the options provided.

PLEASE NOTE: When responding to a service desk agent, please do so through the RHY-HMIS Service Desk online portal. Emails to agents regarding your service desk tickets will not be received and you will not get a response. Thank you.
